CORE STACK

FRONTEND

- JavaScript / TypeScript
- Vue 3 / Nuxt 4
- Redux / Zustand / Pinia
- React / Next.js when needed
- WordPress
- GSAP / ScrollTrigger
- Motion UI / Micro-interactions
- SCSS / CSS Architecture
- Web Vitals / Accessibility
- Capacitor

BACKEND

- Node.js / Nitro
- NestJS / Fastify / Express
- REST API / GraphQL
- PostgreSQL / MongoDB
- Supabase
- Redis

TOOLING & OPS

- Docker / CI/CD
- Git / GitHub Actions
- Codex
- Vite / Webpack
- Jest / Vitest / Playwright

ARCHITECTURE

- Feature-Sliced Design
- Micro-frontends
- SSR / SSG / ISR
- Design Systems
- Performance Optimization
- Mentoring / Code Review

STRENGTHS

- Product-minded delivery
- Clean scalable architecture
- Fast onboarding for teams
- Reliable release processes

PROFILE

Full-Stack Web Developer with 10+ years of commercial experience turning complex product requirements into fast, maintainable web platforms. Strong in **Vue/Nuxt, TypeScript, Node.js, and modern backend frameworks**, with a track record across SaaS, e-commerce, dashboards, design systems, and CMS-driven products. I combine architecture ownership, hands-on delivery, performance work, mentoring, and pragmatic product thinking, so teams can ship faster without accumulating chaos. My engineering and economics background adds systems thinking, process discipline, and practical business awareness.

IT EXPERIENCE

THE COOKIE LABS

2021 – 2026

JAVASCRIPT / VUE / NUXT DEVELOPER

- Built and maintained production websites, donation shops, campaign platforms, and product experiences for German and international brands.
- Worked across Vue/Nuxt, JavaScript, TypeScript, SCSS, WordPress, APIs, and e-commerce flows, depending on product needs.
- Delivered responsive, accessible, performance-conscious interfaces with careful QA across desktop, mobile, and content-heavy pages.
- Integrated CMS, donation, fundraising, and marketing workflows for clients with strict brand and reliability expectations.
